Welcome to the Canadian Union of Public Employees, Local 3287. Your membership in this union is a condition of your employment.

Our union represents all Sessional Lecturers and Applied Music Instructors employed by the University of Saskatchewan. Through collective bargaining and the grievance procedure, the Union endeavours to obtain improved salaries and working conditions for its members and to ensure good relations with the employer.

To ensure the security of the bargaining unit as required by the Saskatchewan *Trade Union Act*, please sign and return to us the membership form at the bottom of this letter. Once a member, you remain a member until two years have elapsed since the expiration of your last sessional contract. Union dues of 2% of gross sessional earnings are deducted automatically from your pay, as indicated on your T4 slip. Union dues are tax deductible.

Members determine policies and strategies for the Union. Regular general membership meetings occur at least four times per year. Our newsletter normally appears six times per year. Your participation in the Union helps to ensure that it is as effective as possible. Please contact the Union Executive at the office with questions or suggestions.

This membership form may be returned to the office free through U of S campus mail. Please inform us directly of any change in contact information.

In solidarity,

William Buschert, President, CUPE 3287
